Profile

Skilled computer engineer with a passion for innovation and problem-solving. Seeking a challenging role where I can utilize my technical expertise to drive technological advancements and contribute to the success of a dynamic company. Eager to collaborate with a talented team and make a meaningful impact in the field of technology.

Education

Misr University For Science And Technology (MUST) 2021-2026
Computer Software Engineering
Relevant Coursework: Data Structures and Algorithms (C++), Prob & Stat in CS (Python), Intro to CS II (C++), (Python) , (JavaScript)

Experience

Computer Network Fundamentals Trainee 09/2023 – 10/2023
WE Training Cairo, Egypt
• Gained hands-on training in network administration and architecture, focusing on DHCP/DNS server configurations, the ISO/OSI model, and TCP/IP protocol suites.

Ethical Hacking Trainee 08/2024 – 09/2024
WE Training Cairo, Egypt
• Completed intensive technical training covering Network & Security Fundamentals, Social Engineering methodologies, and Cloud Computing security.

Cybersecurity Team Member 2023 – Present
IEEE MUST Student Branch Cairo, Egypt
• Acquired foundational expertise in network security architecture, OWASP vulnerabilities, and the practical implementation of computer networking fundamentals.

Zewail City Summer Training 08/2023 – 10/2023
AI Training at Zewail University with Certificate,
ITI AND ZINADIT 9th of march,2024
Attended CTF event held by ZINADIT and the Information Technology Institute (ITI).

Arab Organization For Industrialization 14/6/2025 - 28/6/2025
Computer Vision training includes building models with python and IoT

UI/UX Designer 2026
IEEE MUST Student Branch Cairo, Egypt
• Designed and structured the complete user interface for the official IEEE MUST website from scratch, collaborating closely within an agile 2-person design team.
• Created high-fidelity wireframes, user flows, and interactive prototypes in Figma, ensuring a seamless user experience and modern aesthetic.
• Managed the Figma design system and asset handoff to the development team, ensuring pixel-perfect implementation and responsive layouts.

AI & Machine Learning Specialist 2026
Route Academy Cairo, Egypt
• Completed an advanced technical curriculum focused on data preprocessing, predictive modeling, and machine learning algorithms.
• Engineered end-to-end data pipelines using Python to train, evaluate, and optimize model performance.

Skills

Spoken Languages: Arabic (Native), English (Excellent)
Concepts: Compiler, Operating System, Encryption, Decryption, Artificial Intelligence, Machine Learning, Agile Methodology, Cloud Computing
